Limited Use Facility Dispensing Permit for Nonprofit, Page 2
REINSTATEMENT ONLY:
Have controlled substances been sold from the location at the address on this application during the time that the facility permit was lapsed? Yes \(\subseteq \text{No} \subseteq \text{If yes, attach explanation.} \)
A 14-day notice is required for scheduling an inspection. Drugs may not be stocked prior to inspection and approval of the drug selling and storage area.
18 VAC 110-30-70 requires a facility with this permit to designate a practitioner with a limited-use license to sell controlled substances who shall be the primary person responsible for the stock, the required inventory, the records of receipt and destruction, safeguards against diversion and compliance with the chapter.
Reinstatement fee is determined by the Board based on the length of time the license has been lapsed unless reinstatement after suspension or revocation.
An inspector will call prior to the requested date to confirm readiness for inspection. If the inspector does

not call to confirm the date, the responsible party should call the Enforcement Division at (804) 367-4691 to

verify the inspection date with the inspector.
